

## HANNEY TENNIS TOURNAMENT 2012

The rules are common sense with the objective of people enjoying the tournament and having a full complement of matches on Finals Day to decide our eventual champions.

The Tournament Director has discretion to ensure the above objectives are achieved and if necessary will find substitutes to ensure matches are played, particularly on Finals Day. Previous opponents will normally be considered should a team have problems playing their matches. The matches are for 3 sets and, if necessary, with a tie break in each set.

All participants are responsible for organising their matches in good time. If there are any problems please get in contact with either Trevor or George who will assist or adjudicate.
